Epson SureColor™, WorkForce Pro and AcuLaser printers combine superb results with excellent reliability. As part of the Epson Print & Save package they can give your business a real advantage.

SureColor

Achieve professional superior results on a wide range of media with our SureColor large format printers, suitable for POS, signage, textile, photo and proofing applications. These products deliver economical high-productivity printing, to cutting-edge innovative prints with stunning results that help businesses stand out. Ideal for point-of-sale and gallery displays, they combine easy operation and simple integration with a very low total cost of ownership.

WorkForce Pro

Fast

50%

Economical

80%

Ecological

High-performance printing, complemented by low running costs, makes our WorkForce Pro business inkjets the professional choice. With no warm-up time needed, these inkjets are faster than competitive colour lasers for smaller print jobs*³. They are also significantly cheaper to run, offering you up to 50 percent lower cost-per-page*⁴, with further savings to be made from reduced power consumption of up to 80 percent*⁵. In addition, all models support Epson Connect*⁶, which allows users to print anywhere in the office, or even half way across the world, from smartphones, tablet PCs or other smart devices.

AcuLaser

Our business lasers are built to deliver high-performance printing for small to medium companies and multi-site corporations. From single function printers to highly-versatile multifunctional 4-in-1's, businesses can count on high-reliability and enhanced productivity. Easy to use and integrate into any office set-up, they are also kinder to business budgets.

EPSON®

SAVE TIME AND MONEY

Epson Print & Save

ENGINEERED
FOR BUSINESS

EPSON[®]
EXCEED YOUR VISION

SAVE TIME AND MONEY

Epson Print & Save is a professional print service package. It offers businesses significant cost reduction in printing when compared with supplies (ink and other regular maintenance consumables) and service cover bought separately. This package gives businesses tighter budget control, the convenience of always having supplies to hand without overstocking and peace of mind with a three-year on-site service warranty.

Epson Print & Save is offered as a three year contract. Businesses receive a pre-determined amount of supplies which are distributed on-demand, access to a private dedicated web portal and full on-site service warranty. All equipment and services are paid for from one single source – this keeps all records and payments together and is easy to manage and control. Epson's full on-site service warranty runs for the entire three year contract.

In addition, businesses can choose to purchase new printers alongside Epson Print & Save or add this service to current Epson printer fleets*1 to meet their individual printing needs.

*1For models under two years old. Prices for Epson Print & Save service will vary in comparison to service bought with new printers.

Cost reduction

Savings between 15% to 40%*2

Reduce your business printing costs with a single, straightforward printing service package that delivers a low total cost of ownership and eliminates needless overstocking on equipment.

Budget control

No nasty surprises with a fixed all-inclusive monthly fee

The fixed all-inclusive monthly fee includes supplies, three year on-site warranty and supply management in a single bill. Your supplies will be stored in Epson's logistic centres and delivered free. Printers can be purchased as part of the package deal.

Convenience

Order supplies in an instant with the click of a button

The dedicated web portal is a private, user-friendly way to keep track of your print usage and order supplies, whether your business has a single user, or multiple users across several delivery sites.

Peace of mind

Full on-site service warranty for entire three-year contract

Enjoy peace of mind with a comprehensive warranty that guarantees help and support when your business needs it.

EASY ALL INCLUSIVE SOLUTIONS

1. Epson's partner works out your printing needs

Our partner will help you to work out your monthly ink volume and future printing requirements. This will determine the level of supplies you will need for the three year period, along with the average fixed monthly fee.

2. Epson's partner sells the selected models to you

Once you have agreed and signed up for the Epson Print & Save package, our partner will provide you with your chosen printer, along with the initial supplies.

3. Need new supplies? No problem

Simply visit your own easy-to-use, dedicated web portal to keep track of supply use, and order more when you run low. Several users can access the portal, and delivery can be made to different sites if needed.

4. Supplies are delivered free of charge

Once ordered, the supplies will be delivered free to your door.

5. On-site warranty for added peace of mind

Our on-site warranty ensures that should there be problems at any time during the three year contract, you will have professional help on hand at all times.

6. All included in the fixed monthly fee, with savings between 15% to 40%*2

The fixed monthly fee includes a resource of pre-determined printing supplies, full on-site warranty, a dedicated web portal and storage of supplies for the entire duration of your contract.

*2Savings versus list price, when supplies and warranty are bought separately.
